New Strategic Plan Project Suggestion Form

Many ideas for new parish projects are brought forth to us with great intentions and enthusiasm. And, while our parish wants to see progress and new innovations, there are many things to consider when adding or enhancing new projects. This Suggestion Form can be used to determine if introducing a new project for consideration meets a few basic criteria. New projects must help our parish to live out our Catholic mission, they must be good for our parish and there must be a plan for long-term sustainable funding and staffing (if necessary).
